

## COMMUNICATION AGENTS

Dear colleague, partner,

GCL becomes TML.

Since many years, GCL Maritime Antwerp is your trusted partner for all your international freight needs.

Tailormade Logistics was founded in 1998 and has grown into a major logistic player in the European market. Through its own fleet of 550 trucks and its network of 25 logistics platforms in 8 European countries, 440000 m2 of warehouses and cross docks, Tailormade Logistics acts as a one-stop shop for customers with international supply chains: first-mile transport, sea freight, last-mile transport, customs and logistic services.

To offer these additional services, GCL Maritime will be integrated into the TML group as from August 1<sup>st</sup>, 2022.

This integration offers you a strong platform, increases the possibilities and expands the main gateways Antwerp, Zeebrugge & Gent to and from Europe for all commodities and through all modes of transportation.

The entire GCL Maritime Team remains at your disposal within TML.
